

ANNUAL REPORT

Dear Friends, Family, Faculty, and Staff,

The 2015-16 Annual Report reinforces the value the University School of Jackson community places on our school. As you will see on the following pages, USJ continues to prove that our institutional strength is built through commitment, hard work, and philanthropic dollars. Our parents, alumni, and friends are proud of this school, and they are willing to give their time and financial resources to ensure its future success.

While we certainly celebrate our high scholastic honors and our achievements in athletics and the arts, this report showcases the volunteerism and philanthropy that enables our students and faculty to thrive and achieve. Without a renewed energy each year and a commitment to the financial sustainability of USJ, the magic we witness in the classroom, on the fields, and on stage would not be possible.

I continue to be impressed by the thoughtful work guiding USJ's path forward to sustain excellence not only for current students but also for future generations. I encourage you to read our Strategic Plan inspiring **Learning and Leadership**, which focuses on the vital goals of supporting each child's intellectual, emotional, and physical well-being; positioning the school to attract and retain the best teachers and coaches for the benefit of our students; and providing the resources to ensure USJ's current and future institutional strength and competitiveness.

The goals identified in the school's strategic plan are made possible by the vital partnership with, and active support of, members of the USJ community. For each person who demonstrated your support with a gift during the 2015-16 fiscal year, I offer my sincere thanks. For those of you who are considering your gift this year, I encourage you to join in this exciting and worthy endeavor.

On behalf of the school, thank you for your investment. Thank you for advancing our programs, supporting our faculty, and trusting us with your children, grandchildren, and family.

Best wishes,

Stuart Hirstein
Head of School

2015-2016 BUDGET

INCOME

Tuition & Fees.....	\$10,096,398
Auxiliary (Buses, cafeteria, etc.).....	\$713,000
Annual Fund.....	\$160,000

Why
Do

GIVE

Holly Johnson

Parent, Alumni Parent,
and Faculty

Why USJ?

“As a graduate and parent of USJ, I understand the value of investing in a child’s education. This investment begins in the Lower School with classrooms that provide creative and active instruction and culminates in the Upper School with a strong college preparatory curriculum. The influence of USJ’s environment encourages the sharing of ideas, the learning from both successes and failures, and the instilling of life-long learning. As a teacher, our charge is to be deliberate not only in developing thinkers but also to be deliberate in building character, values, and faith in our students.”

Why do you give to the Annual Fund?

“Giving to the Annual Fund is my way of continuing to invest in the USJ experience.”

Cathy Jordan Parent

"USJ is where our children have gone since the ages of two and three to learn about everything from the alphabet and reading to astronomy and Spanish. The teachers and administrators are always ready to help and support our children. The arts are important to us as well, and it is a joy to watch them shine in musicals and be celebrated for their artwork. Children learn and practice empathy in Character Education and have plenty of time to play and be kids on the playground. Our experiences with after-school care and Camp Bruins in the summer have been awesome. USJ embraces diversity and wants everyone to feel at home, and best of all, our boys love it there."

Honorariums/Memorials & Restricted Gifts

The strength of University School of Jackson lies in its support from school families and friends. USJ offers many opportunities for support.

- **Unrestricted Giving:** Gifts to the Annual Fund offset USJ's greatest need for extra support. The Annual Fund's unrestricted giving allows the school to decide how to use the money and keep school tuition affordable.
- **Restricted Giving** takes on many forms at USJ. For example, this past year, donations purchased library materials in memory of a loved one, helped pay for upkeep of the prayer garden, and bought walkway bricks in honor of someone they considered special. Restricted Giving also includes funds to USJ's several endowments, planned giving, and to our parent support groups.

Arts Guild

The Arts Guild supports USJ's visual and performing arts. A steering committee administers the operational affairs of the Guild and gives the Fine Arts Department financial resources and volunteer support. Our main financial support is through families who become Patrons of the Arts and our Arts Guild Corporate Partners. Our funds help pay for theater productions and other fine arts events, provide scholarships for summer enrichment, buy supplies and equipment, and advertise our productions and fine arts achievements. All families and friends of the arts at USJ are invited to support the arts through a Guild membership by becoming a Patron of the Arts or a Corporate Partner.

Parents Club

The USJ Parents Club is an organization for all USJ parents. We provide volunteer and financial support to the school in many ways. Our main fundraiser this past school year was the Holiday Mart, a long-time event in the Jackson area. The Parents Club promotes academic life, teacher support, parental involvement, volunteering time and talents, and raising funds.

Bruins Club

The Bruins Club supports the athletic programs at USJ through volunteer support and financial assistance. Our purpose is to provide supplemental funding not covered by the general budget. The Bruins Club generates funds through our annual Super Booster campaign, concessions, and special events, such as program ads, tournaments, and stadium sponsor signs.

The Bruins Club is committed to all USJ athletic programs, dedicating funds to a variety of capital improvement projects over the past years. We also contribute to the annual budget and help with special projects.

Each family is urged to become a Super Booster and to volunteer in the concessions stands and with other projects.

Carol Ryan Parent and Faculty

Why USJ?

"Having worked at other schools as a teacher, I appreciate the opportunity to expose students to the coursework I know they will need to be successful in college and in their professional lives. At USJ, I have seen that students genuinely want the bar raised on their educations. I want that day-in-and-day-out exposure to meaningful coursework for my own children. As the college advisor, I have the privilege of seeing how the USJ experience translates into students pursuing professional directions that will allow them to positively impact our world. USJ gives students the firm foundation they need to be successful in the 21st century workplace."

Why do you give to the Annual Fund?

"While I've always given to the Annual Fund, only since I've become the college advisor have I seen firsthand the impact those donations make. I travel to meet with college counselors at independent schools in Memphis and in Middle Tennessee. The USJ tuition is always at least half of what our other Tennessee counterparts charge their families. What makes that even more impressive is that the product we offer is on par with what those independent schools are offering their students. That cost benefit is a direct result of gifts to the Annual Fund and the hard work that our Parents' Club puts into the Holiday Mart."

Save the Date!

Homecoming

October 14-15, 2016

Alumni and senior families tailgate starting at 5:30 p.m. Friday
